<p&gt;&lt;/p&gt;&lt;p&gt;Football corners predictions is one of the fairly ne
w tips offered by tipsters and by us. Some say it's luck 😄 predicti
ng corners in a football game, but we at AFootballReport find in corners very pr
ofitable markets especially in live events 😄 when odds go very high as
the game evolves. So how do we predict corners? Of course as any other football &
#128516; prediction and corners are related to a number of pre-match and team f
actors. First of all we should see the 😄 type of game we're looking
for or the type of game we want to predict. Is it a game with 😄 a stro
ng favorite or just two equally strengthen teams that play. If it's a game w
ith a strong favorite probably 😄 we should pay attention to the corners
race predictions as strong favorites always keep the ball in possession more th
an 😄 the other teams and create more chances as they push forward almos
t during the whole game. Keep in mind in 😄 live events that if the scor
e is in favor of the favorite team then this team would not be so 😄 mot
ivated to create chances and would probably win less corners than in a draw even
t or from behind.</p&gt;
<p&gt;Second thing we &#128516; should use when making our corners tips is t
                  lineups and tactic for the upcoming game. Target 😄 tea
ms with more offensive tactics and teams that use wingers heavily in their attac
ks. For example, some good wingers for 😄 the home team could easily pro
duce more than 10-20 crosses in the penalty area which very often defenders clea
r in 😄 corners.</p&gt;
<p&gt;Corners in the late stage of the game are more likely to happen than in
the early minutes. Usually teams 😄 are very careful in the opening min
