<p></p><p>2010 video game</p>

<p>Call of Duty: Black Ops is a 2010 first-person shooter game developed b

y Treyarch and published by Activision. It was released worldwide in November 20

10 for Microsoft Windows, the PlayStation 3, Wii, and Xbox 360, with a separate

version for Nintendo DS developed by n-Space. Aspyr later ported the game to OS

X in September 2012. It is the seventh title in the Call of Duty series and the

sequel to Call of Duty: World at War.</p>

<p>Set in the 1960s during the Cold War, the game's single-player camp

aign follows CIA operative Alex Mason as he attempts to recall specific memories

in order to locate a numbers station set to instruct Soviet sleeper agents to d

eploy chemical weapons across the United States. Locations featured in the game

include Cuba, the Soviet Union, the United States, South Vietnam, China, Canada,

and Laos. The multiplayer component of Black Ops features multiple objective-ba

sed game modes that are playable on 14 different maps included with the game. Im

provements to loadout options and killstreak rewards are made. A form of virtual

currency, COD Points, allows players to purchase weapons and customization opti

ons for their in-game character, as well as attachments and customization option

s for their weapon.</p>

<p>Development for the game began in 2009. Whereas Treyarch worked on both

World at War and the tie-in video game for the James Bond film Quantum of Solac

e simultaneously, they focused specifically on Black Ops during this development

cycle. Different teams within Treyarch focused on a certain game mode. Black Op

s runs an enhanced version of the IW 3.0 engine used in World at War. The improv

ements made allowed for bigger campaign levels to be made as well as enhanced li

ghting. Music was composed by Sean Murray, with licensed music by the Rolling St

ones, Creedence Clearwater Revival, and Eminem appearing in the game. Avenged Se

venfold also recorded an original song for the game as well. The marketing of th

e game began in April 2010.</p>

<p>The game received generally positive reviews from critics with praise f

or its story, voice-acting, darker tone and multiplayer modes, although some cri

ticized it for its linear gameplay and technical issues. Among other awards and

nominations, Call of Duty: Black Ops was nominated Game of the Year by numerous

media outlets and award shows, including the Interactive Achievement Awards, Bri
