<p></p><p>The game is similar to candy crush, except that inst

ead of candy, we have Harry Potter characters. The game is 💻 structured

on levels, which have an increased level of difficulty as they are passed succe

ssfully. At each level, you will 💻 have a limited time to solve it. You

will have to match at least 3 characters in the same row 💻 to earn poi

nts. Try to solve the level as fast as possible so that in the end you make sure

💻 that you manage to win it.</p>

<p>Here you will also meet boosters or special powers that you receive as

a gift 💻 depending on how many characters you join in the same row. For

example, if you manage to unite five characters 💻 in the same row, you

will receive extra points and extra time to continue the level and manage to co

llect 💻 more coins. The game is suitable to be played with your friends

because they can also give you hints to 💻 help you identify the matche

s in the game map faster. You will also have fun together and be able to ㈒
