What makes it worse is that he must be horrible at playing it because he usually loses all or most of his chips. I can't buy chips on his account because he's on a fixed income and he would go crazy if there was a charge for purchasing chips. I'm guessing and at least for me, I've noticed purchasing chips will cause a lot more losses since they know the people who purchase chips will purchase more when they have lost all of these chips versus the people who play and never purchase chips.

Well I wasn't doing any harm to anyone but purchasing chips for my elderly dad but now they've decided to crack down on a major threat to society so now I can't donate money to them.

Well anyway if you want to check if I'm right or not, purchase some chips and just see if from now on there is a built in algorithm that greatly increase your odds of losing much more often than you do now.
