Can you Murder the king without getting caught?

Use the mouse to walk around, take decisions, grab onto things, speak to people, and do any other action that you think is necessary to premeditate the murder of the king, whom you need to dispose of to win the game. Make sure to move carefully and not get caught, because if your plans are thwarted, you are also going to be thrown in prison, and you lose the game.

After that is achieved, you assume the role of king, which only means one thing, which is that now other people around the court will try to kill you, so you need to move carefully and prevent that from happening, so now you will have to make defensive moves for survival!

Charge your stab with the spacebar, and the more you hold, the stronger it is. Now that you've surely understood, start the experience right now, see for yourselves why it is that awesome, and stick around for more of our daily content to come!
