Sit and go is a popular form of online poker, where players sit at a virtual table and play a hand of cards. It is a fast-paced game that can be played for real money or just for fun.

How it works: Sit and go games are played with a fixed number of players, usually 6-10. The game starts with a random deal of cards, and the first player to bet is the dealer.

The dealer bets first, and then the other players bet in turn. The game ends when all players have folded or when there is a showdown. The player with the best hand wins the pot.
