Make sure your firewall is not blocking

the "TerrariaServer.exe" or the server's port

(especially important if it's not the default "7777"). If you are

using a router you have to make sure it opens the server's port for you.

If you want to play Terraria online

with other users, you have two options. You can use the Host &

Play feature in the Terraria client to host your own online game on your

device. Other players can then join the world either with or without

a password.
