club to pay Tottenham 100 million euros. The English striker will be the most expensive signing in the history of the club and will join with the expectation of helping them win the Champions League. Bayern Munich to sign Harry Kane for 100 million. Present German team manager, Joachim Löw. Flick left Bayern with one of the most successful terms in the club's history. Defining the term "cash out" and examples of use. The term "cash out" means withdrawing money or obtaining something in exchange for something of value. It is widely used in different financial situations, such as in the context of cryptocurrencies, digital currencies or financial assets. The person is receiving money for a service, right or asset that she possesses. The consequences of this act can be either ruinous or advantageous, as it depends on the deal being realized by the individual. When the term "cash out" is used, it means that the consequences in the context of financial markets, an executive can "cash out" large parcels of assets when the price is high, or when the price is low, or when the price is high, or when the price is low. This means that he is receiving money in exchange for his assets, or that he was invested in something that represented a potential future value. In short, it also means that he is obtaining money today, but losing any future gain from these assets.
